Hi Patrik,
Writers Block was the entity we created to fund the production of "San Pedro", which was 1 of the 4 original promises to token holders. However, up until now, San Pedro never got past the writing stage.

If you look back in the history of GmbH records, there are interco payable transactions on 15 Jun 2018 and 24 Jun 2019, where we funded Writers Block LLC. The 4'675 was a return of most of the unused funds. You can look back at those transactions to see what accounts were originally debited, but my guess is that it was one of the film investment accounts.

Hi Ed

Re the Deposit Writers Block USD 4'675.49/transaction on Feb 10th. To which account (owned by the GmbH) was this credited?

I need this info to properly book it and make the balances reconcile.

Regards
Patrik
